IMPORTANT MESSAGES:

End of year reports published
Sunday 23rd June.

Dear Parents,

Celebration Success

As a school, one of the most joyful aspects of any school year is celebrating our students' achievements, whether they are academic, athletic, or in the performing arts. Recognizing our children's efforts not only encourages them to set higher goals through positive reinforcement, but it also motivates them and helps them feel appreciated and special. Similarly, many of our students participate in activities and achieve considerable success outside of school. We are eager to celebrate these accomplishments too. If your child has any notable achievements outside of school, please let us know. If you could click on the following link and enter the information, that would be hugely appreciated.
